RICHMOND, VA.

There is nothing so decorative in its effect as new Wall Paper of a pretty and novel design or a painted wall, when done in soft tones or rich colorings. The dainty effects I am showing in Wall Hangings, Relief Decorations and Tinted Designs will certainly please the most particular one. I have the largest and best equipped House Painting establishment in the South, using nothing but pure leads, oils and colors, and employing only the best workmen.

BUSY BUILDERS ARE EVERYWHERE

Richmond's Building Boom Ex-
tends to the Far-Away Sub-
urbs in Chesterfield.

CONDITIONS MUST BE MET

Population Grows Every Day,
and People Must Have Some-
where to Live.

Builders and contractors are begin-
ning to wonder if the building boom
which has been on in Richmond and
its suburbs for more than twelve
months past will ever stop. The an-
swer seems to be: "Not until homes
have been provided for the increasing
population of the metropolis of old Vir-
ginia." It begins to look as if houses
cannot be built fast enough to meet
the demands of increasing industry and
consequent increasing population. There
is not a day in the week that people
do not land here to make permanent
homes, and in the main they are wage-
earners who want good houses to live
in, and are in a position to earn
enough to pay good rents. With all
of its building booms Richmond has
not yet been able to meet the urgent
demands of home-seekers.

Trying to Meet the Demand.
There are a few people who are do-
ing their level best to meet this de-
mand, and the ranks of these patriotic
capitalists are being augmented every
day, and yet the demand is for more
rentable houses.

The suburbs are helping Richmond
to meet the case as well as they can.
Manchester capitalists and investors
have seen the handwriting on the wall,
and they are building all around, and
in and about that good old town.
In fact, the building boom is going
away out beyond the Manchester town
limits out into the rural sections of
Chesterfield. Forest Hill, Swanboro,
and even Chester, are building in a
way that was never before known,
and they are proposing to help Rich-
mond accommodate its surplus popu-
lation. This is all right, and it
must be said that these suburbs are
doing nobly, but Richmond can do all
the necessary accommodating if it
will.

Interesting Rumors and Reports.
Among the news items of the past
week in building circles is a well-
founded report that a well-known
contracting firm has just bought nine
eligible lots in the near future, and
will proceed at once to erect a series of
first-class detached houses, that will
be for rent.

Messrs. J. Thompson Brown & Com-
pany, while declining to give names
and figures, report that they have
recently made sales of vacant lots which
they are sure mean the erection in
the near future of not less than a
half a dozen up-to-date houses that
will be for rent.

In the Suburbs.
Building operations are still active
in Barton Heights, in Brookland Park,
in Highland Park, and, in fact, in all
of the suburbs.

Messrs. Deyer & Ramsey, real es-
tate agents, are authority for the
statement that recent sales of vacan-
tary property in Brookland Park mean
the erection there within the present sum-
mer months of not less than five nice
homes, in addition to those already
told about in this column.

Out at Ginter Park sales of lots
continue right along, and every sale
means the early beginning of build-
ing operations, for folks who buy out
there usually buy for home building.
Among the recent purchases made for
quick building operations may be men-
tioned those of the following: Mr.
J. L. McCue and Mr. Oscar Cranz. Both
gentlemen will build in the near fu-
ture.

Mr. Robert M. Kent, of the Capitol
Savings Bank, has started with the
building of his home on Seminary
Avenue, and the excavating for the
\$40,000 Richmond Hall of the Semi-
nary is nearing completion. Mr. Nuck-
ols has the contract.

The residence of Messrs. C. P. Ca-
dot, F. A. Haughton and all M. Gil-
ham, John Garland Pollard, Christo-
pher B. Garnett, Oscar Hudgins, Rev.
Thomas C. Darst, Dr. S. A. McAnally
and Mrs. Rosa G. Pyness are making
rapid progress.

The building up of Ginter Park is a
good, healthy sign of general pros-
perity, and of the stability of Royal
Richmond.
